

PATIENT FAMILY ADVISORY COUNCIL

STEERING COUNCILS

Affiliates

Collaborates with St. Jude staff to provide feedback and focus on supporting families as they transition home to their affiliate.

Caregiver Support

Facilitates programming specific to caregiver support across the institution, including the Mentor Program, Caregiver Rounding and Caregiver Connections.

Comprehensive Cancer Center

Focuses on guidance within the cancer center's operations and decision-making processes and provides diverse insight into all facets of scientific research.

Hematology Clinic

Focuses on the unique needs of caregivers and patients facing catastrophic non-malignant blood diseases.

Housing and Patient Services

Focuses on patient lodging, hospitality, arranging patient travel and reimbursements and patient meal stipends.

Nursing

Collaborates with all of Nursing Services on projects that provide optimal patient outcomes, participates in Nursing Shared Governance meetings, and provides feedback that benefits nursing staff at every level.

Patient Education

Focuses on the content and delivery of educational materials provided to patients and families.

Patient Experience

Provides feedback and collaborates with staff on projects and initiatives to ensure the best experience for our patients and families.

Quality and Patient Safety

Collaborates on initiatives and projects to prevent & reduce healthcare-associated risks and ultimately improve the care of our patients.

Quality of Life

Ensures the quality of life is improved for all patients as the eight recommendations for bereavement support are pursued.

TEA/Past Patients

Focuses on the specific needs of teens and emerging adults by providing insight, suggestions and supportive opportunities.
